# Chambers County RESOURCES

Most pages in this Resource Directory have a designated space to make notes, list contacts, and program changes.

The Resource Directory is divided into the following sections:

- 1. Organizations Contains a brief overview of the organization
- 2. Programs Contains an overview of the program
- 3. Lists Contains a variety of resources on a particular topic
- 4. Assistance Contains information about applying for various services

You may use the electronic copy on our website. It is a pdf document and requires a adobe reader. This program is free and can be found on the internet. You may also print the entire document or simply customize a resource directory for your organization by printing only the pages you need. Also, on our website you will be able to submit new organizations and programs to be included in future updates.

# ASSISTANCE

## How to Apply for WIC?

- 1. Call your local county health department.
- 2. Call toll-free at 1-888-942-4673 for the agency closest to you.

To qualify, you must...

- meet income requirements
- be a resident of Alabama
- be seen by a health professional at the WIC clinic.
- If you think you may qualify, please call the County Health Department to make an appointment.

At the WIC appointment, you will need to bring:

- proof of residency (a document with your street address on it, such as a lease or bill)
- proof of identity (a driver's license)
- proof of income (pay stubs OR you would be automatically income eligible if you are currently enrolled in TANF, Food Stamps or Medicaid, so bring proof of enrollment)
- At the appointment once the above is documented, you will be evaluated for a nutritional risk which is the other main qualifying factor in determining benefit eligibility for pregnant, postpartum, breastfeeding women, infants and children under 5.

Please call 1-888-942-4673 to obtain further information.

### How do I apply for Food Stamps?

You must file an application in the county where you live. You may call or write the local Food Stamp Office and an application will be sent to you or come into the office and get an application and complete it while you are there. Once you have filed the application, you will be given or mailed an appointment for an interview with a worker.

What do I need to bring to the interview?

Examples of information we need for all household members include proof of income, bank statements, current proof of rent or mortgage expenses, proof of child care expenses, Social Security numbers for everyone in the household, and proof of legally obligated child support payments paid to someone outside the household.

How long does it take to process my application?

The county department has up to 30 days from the date you turn in your application to notify you of a decision about your eligibility for Food Stamps. In some cases, if you have little or no income and resources, you may be entitled to expedited service and then a decision is made in 7 days from the date you turn in your application. You will be told when a decision must be made on your application when you are interviewed.

How do I use food stamps to buy food?

Food stamp benefits are put into an EBT (Electronic Benefit Transfer) account for you each month. You will receive an EBT card to use like a credit card at the grocery store.

### How do I apply for Child Support Services?

Child Support services are automatically provided to persons currently receiving Temporary Assistance for Needy Families (TANF),Medicaid, or Foster Care. Your TANF worker will refer you to the Child Support Unit and an appointment will be scheduled for you to come in and complete a child support application. TANF recipients must cooperate with child support in order to continue to receive benefits.

Other individuals as listed below may apply for child support services by making an appointment with any County Department of Human Resources office in Alabama. Click here to obtain the address and telephone number of your county DHR office. Call your local number and request an appointment to apply for child support services. Please print out the 3 forms shown below, complete all information, and bring the forms to your appointment. Your caseworker will let you know if any additional information is needed. Depending on your income, a \$5 or \$25 fee is charged when you apply for child support services. This fee can be paid in cash or by money order and must be paid at the time of application.

The Alabama Department of Human Resources has agreements with child support attorneys around the state to provide legal representation. It is the attorney's duty to pursue the legal steps necessary to enforce or establish child support obligations from non-custodial parents. The attorney represents the State of Alabama only. Regardless of whether you receive TANF or not, no attorney-client relationship will exist between you and the child support attorney.

The child support attorney can address matters of child support only. If an action is filed relating to custody, visitation or any matter other than support, it will be necessary for you to seek private counsel to represent your interests in these issues.

## ASSISTANCE
